President's Message:

The Coalition will finally be back on track meeting at its' regular time date and place. The renewed focus being heard from the members is to re-energize and re-focus on rebuilding the membership.

With current issues like budget cuts affecting all neighborhoods, i.e.; closing libraries, recreation centers and other reductions in services expected as a result of potential legislative mandates that will impact our community due to budget reductions we should expect a galvanized effort to reach new members.

Besides budget items there are concerns with the expansion of reclaimed water, expanding hours of landing at the airpark, vacating of streets on the beach and the CHIPS program to name a few of the projects affecting our membership.

We represent all of the member's concerns and should strive to bring in new members in as they understand the benefit of strength in numbers.
